## Activate labels

In this guide you will learn how to activate further labels for activities, groups, and milestones:

Click the **brush icon**. In the Inspector, select the appropriate tab.

Select the **General** tab so that the change applies to all content in the view.

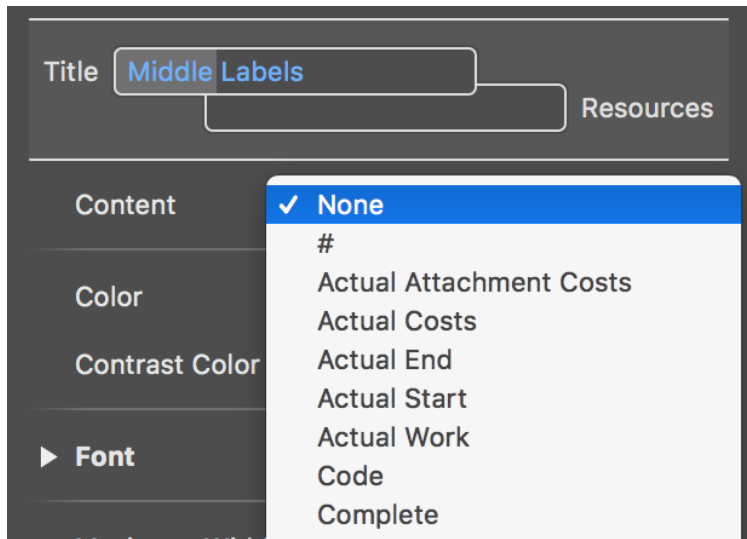

Click the desired label in the preview.

There are three labels to choose from:

- **Left Labels** (*title*)
- **Middle Labels** (*middle labels*)
- **Right Labels** (*resources*)

Click the **Content** drop-down menu and select the desired content for the active label.

The **Content** drop-down menu contains all the information that can be used in labels.
